To a very sweet and cute girl. Stay just the way you are and you'll be a long way with Luck with the boys! Take care always, Linda P.

To a really nice girl stay as sweet as you are and remember me.

Love, Susie '72

Remember all the crazy times we had in typing and how we sent me may crazy. Try and be good, if it's possible and we good, if it's possible Stay as you are and you'll be going places. Cathy McBride '72

P.S. Shut up and sit down. Deb you may be crazy you may be not but to me I know you are bad. Deb '72

Debbie,
Well, I can't believe we finally made it. All those years we've been going to school and boy we really had a lot of fun. Remember way back in sixth grade. That's when we started out together. We've had a lot of fun this year, too. Don't really feel alot of fun this year though. Be good even forget me. I only live down the street and you've got my number (328-9083) so keep in touch. Be good this summer and have loads of fun. Lots of luck in everything you do.

Love Ya,
Doris

Symbols on the cover:
Ancient man, seeking a way to identify himself in his hieroglyphics-like alphabet, used a symbol that corresponded roughly to his own shape: Ψ.
As time passed, the bond that forms between two people, friendship, came to be expressed as the symbol that is used on the cover of this book: ΨΨ. To this ancient principle of friendship we dedicate this yearbook.

To Deb,
The nicest girl I
know and your not fat
so don't say you are. Remember
this year and your class 6th period.
Best in the future.

TO A FRIEND

NORA F. CHICOSKY

A GREETING

But once or twice we met, touched hands,
Today between us both expands
A waste of tumbling waters wide, —
A waste by me as yet untried,
Vague with the doubt of unknown lands.

Time like a despot speeds his sands:
A year he blots, a day he brands;
We walked, we talked by Thamis' side
But once or twice.

What makes a friend? What filmy strands
Are these that turn to iron bands?
What knot is this so firmly tied
That naught but fate can now divide? —
Ah, these are things one understands
But once or twice.

Austin Dobson

New wing . . . more students . . . additional problems . . . new faces . . . getting acquainted with other teachers . . . finding your way around . . . extra help . . . chalk dust . . . first days disorganized . . . patience and understanding . . . friends.

Count down . . . two more days until school starts . . . "Where are those math books?" "What do you mean you can't find them?" The lower section gym uncompleted? . . . "You can't be serious! How can you misplace 500 gym suits?" These problems and others were faced by old and new teachers as the 1971-72 school year began. Upon entering school, the teachers found themselves faced with names to remember and books to issue. Because the school was unfamiliar to many teachers, it was necessary for them to learn their way around and to become familiar with both upper and lower sections of the school. But as the year progressed, the problems found their solutions and the teachers settled into their daily routines.

Best of luck, Debbie Wood

UNDER-CLASSMEN

JUNIORS

"Only one more to go after this one." With that thought in mind, the junior class went through the 71-72 school year with energy and excitement. Filled with both memories and new experiences, the year proved to be a successful one for juniors. Juniors now are looking forward to their senior year — the last one!

. . . Upper classmen at last . . . class rings . . . chemistry lab and broken test tubes . . . *Macbeth* . . . "Tomorrow, tomorrow, and tomorrow" . . . health twice a week . . . Junior Prom . . . U.S. History . . . not getting lost . . . driving privileges . . . feeling a little older . . . feeling a little together.

FRESHMEN

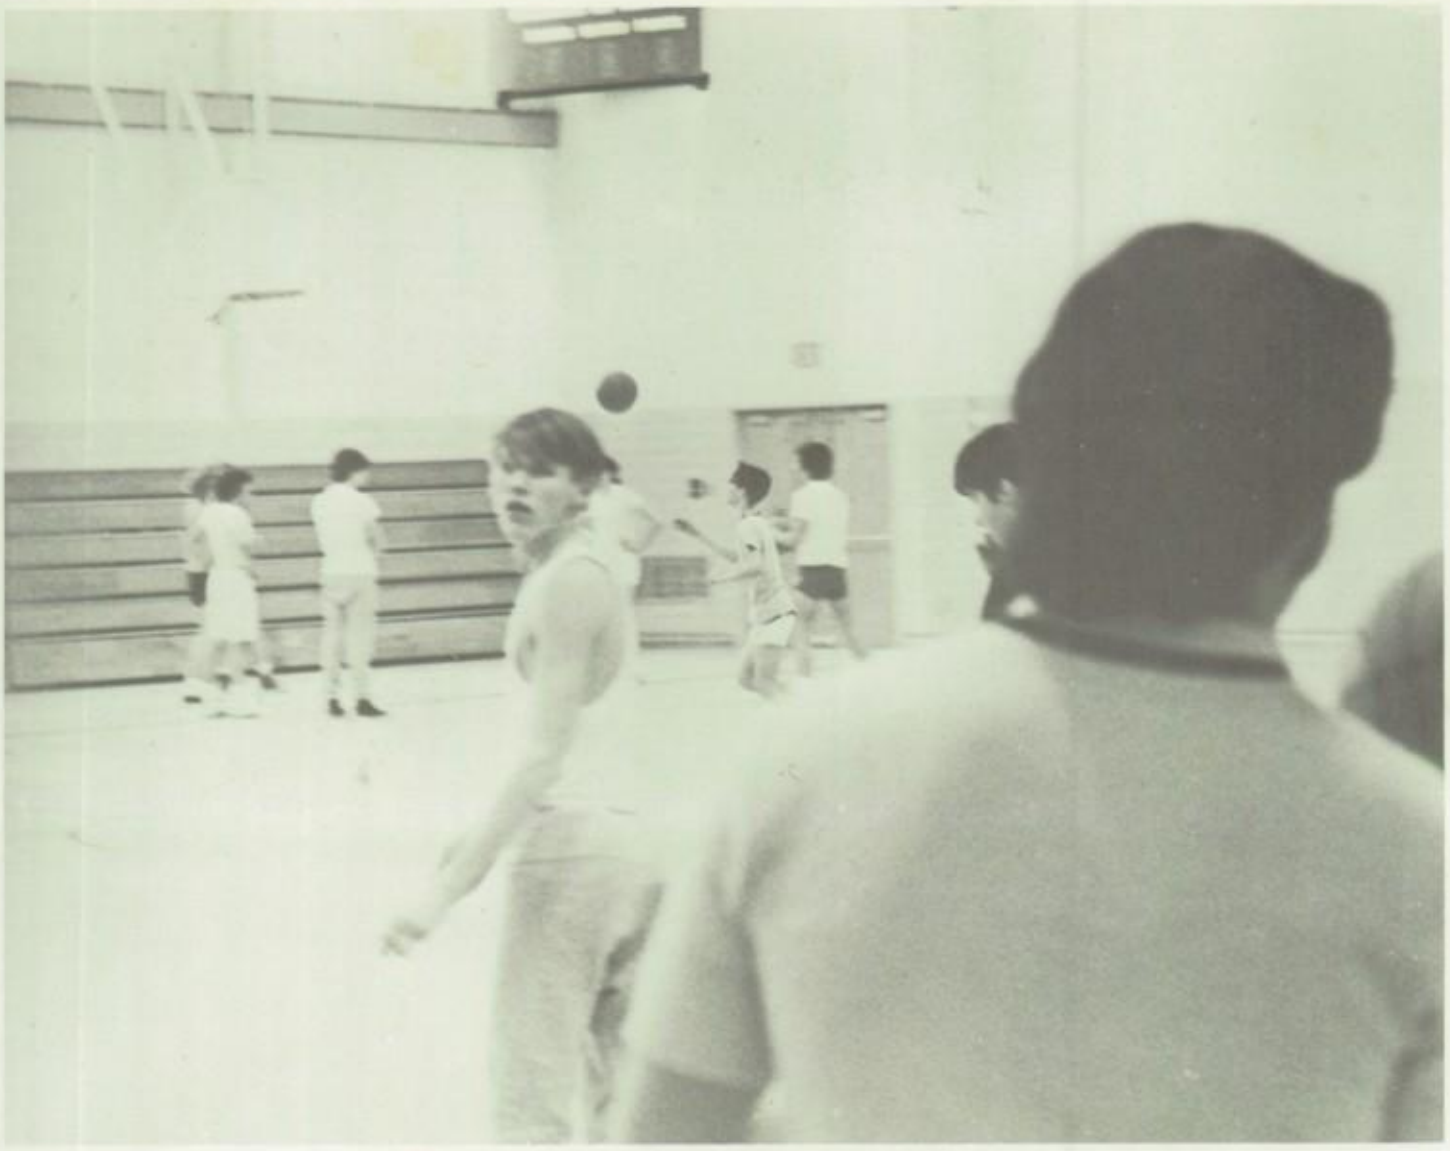
After waiting eight years, the freshman class has gained its high school status. This year they have a great many activities available to them. It is the largest class in the history of the school, so let's hear it for the freshmen class of 72.

. . . General science and science lab . . . what is a pep fest? . . . first semi-formal . . . forbidden wing . . . "upper classmen" . . . freshman sports . . . cheerleaders . . . new rules . . . blue, red, or green staff center . . . small auditorium . . . clubs . . . how do you get to the cafeteria? . . . seventy kids in an ancient history class . . . closeness.

SOPHOMORES

The sophomore class started off the year with a push and a shove. They had a lot to look forward to in the coming months. Kids coming together and learning how to cope with the adventures and problems of a large high school.

. . . Crush on Mr. Newnam . . . a composition "My First Impressions of William Penn" . . . *Julius Caesar* . . . "et tu Brute" . . . parties . . . driver ed . . . "schidule mex-ups" . . . Typing I . . . crowded halls . . . *The Odyssey* . . . what are finger vegetables? . . . getting to make new friends.



In friendship, it's the little things
That mean the most of all . . .
The "let me help you with that" things
That may seem very small,
The "I'll be glad to do it" things
That make your cares much lighter,
The "laugh with me, it's funny" things
That make your outlook brighter,
The "Never mind the trouble" things.
The "yes, I understand,"
The interest and encouragement
In everything you've planned . . .
In friendship, it's the little things,
The friendly word or smile,
That add such happiness to life
And make it more worthwhile.

Symbols on the cover:
Ancient man, seeking a way to identify himself in his hieroglyphics-like alphabet, used a symbol that corresponded roughly to his own shape: Ψ.
As time passed, the bond that forms between two people, friendship, came to be expressed as the symbol that is used on the cover of this book: ΨΨ. To this ancient principle of friendship we dedicate this yearbook.
